JACK O'BRIEN LOSES TO FREDDIE WELSH

VANCOUVER, B. C., July 19.—
"Young Philadelphia Jack" O'Brien, for
the first time in his brief ring career,
attempted the fifteen-round route at
Brighthouse arena today against Freddie Welsh, the lightweight champion
of the British empire, and though he
falled to lower the colors of the Britisher, he gave him a worthy argument.
Welsh was given the decision at the end
of the fifteenth round by Referee James
Hewitt Young O'Brien showed all the
speed and elusiveness credited to him,
but only in flashes. Most of the time
he was too busy hanging on in clinches
to escape the infighting of the British
champion. There was little long range
boxing. When they did stand off, O'Brien more than held his own, and in the tenth round he clearly outfought Welsh. From that time on Welsh established a clear lead.

The Kimball Factory Back of This Special Advertising Sale

To pianoless homes this event spells opportunity in great, big golden letters. It means that you can positively save on a standard piano or player-piano from \$60 to \$200. This Special Factory Advertising Sale is promoted by the W. W. Kimball Co., the world's largest piano factory, and is limited to instruments of their manufacture. Their proposition, in brief, is this: They are allowing us to distribute \$11,050 (the amount of their advertising appropriation for this intermountain district, which would otherwise go to high-priced magazine advertising or be given to artists in concert work) to piano buyers now. We had eighty-five instruments of their manufacture in stock and this amount (\$11,050) prorated would make an average discount of \$130. This is the greatest piano sale in Utah's history. It is not a prearranged sale. where pianos of unknown make are sold at supposedly low prices. This is a straight business proposition, where high-grade standard instruments are offered at prices which represent to you an actual saving of from \$60 to \$200. Remember, these instruments are all new and every one underpriced.

Mr. Danes' Opinion of This Sale

"I feel justly proud of the deal which I closed for our company with the W. W. Kimball Co., of Chicago, whereby they allow us \$11,050—the amount of their advertising appropriation for this territory this year This amount of money, which usually goes for highpriced magazine advertising, etc., is diverted to the direct benefit of the customers. I do not know of a time in the history of our company since we succeeded to the business of the original D. O. Calder's Sons Co. and the Daynes Music Co., that we have had such a liberal or more attractive proposition to offer on standard pianos."
